SCHOOL REFORM INITIATIVE
CRITICAL FRIENDSHIP SEMINAR

Working together to meet the real challenges and opportunities educators face today.

The needs of our schools call for sharing our expertise and perspectives to reach each student and develop a collaborative community. Together, we can challenge assumptions and habits that prevent us from reaching all students, support robust practices, and explore assets and strengths we each bring to our work together and individually.

Through hands-on experiences and modeling, along with ample opportunity for practice and reflection, participants will leave with:

- Universal structures for establishing, participating in, and facilitating collaborative groups for multiple purposes and in a variety of contexts. (PLCs, CFGs, Communities of Practice)
- Skills and experience to facilitate and lead collaborative work and learning
- Knowledge of protocols that meet specific and varied purposes
- Plans for next steps in your work and colleagues to offer virtual support.

Join us to be inspired by colleagues and the beautiful setting of Estes Park in the Rocky Mountains.

- When: 9am-4am on October 17-18, March 6-7, and a fifth date to be announced.
- Where: Eagle Rock School in Estes Park, CO
- Who: Administrators, Teachers, Coaches, School Leaders
- Cost: $800, includes materials, meals and lodging at Eagle Rock School & Professional Development Center (eaglerockschool.org/pdc/pdc_tour.aspx)
